Center's Meals on Wheels program.

About Meals on Wheels

The Meals on Wheels Program in DeKalb County provides nutritious meals to older adults and others in need who are homebound because of illness, physical or mental impairment, who are unable to prepare food independently or who are otherwise isolated. Meals are provided Monday through Friday with the help of volunteers who deliver the meals and make personal contact with each client to ensure their safety and well being.

The Meals on Wheels nutrition program became a part of Voluntary Action Center in 1987. The success of the Meals on Wheels program is because of the generous donations of time by our Volunteers. In 2008, 56,802 meals were delivered to homebound residents in DeKalb County by about 2000 volunteers donating 1-2 hours per day to deliver the meals. Volunteers are recruited from all communities in DeKalb County. Pick up and delivery of the meals are at Voluntary Action Center's central kitchen in Sycamore and Kish Health Systems part of Northwestern Medicine in Sandwich.
